## Curriculum vitae

### Presentation:

Stephan has more than 15 years of experience from the ERP industry working for both IFS and IFS partners.

**Focus:** Leadership, Procurement of ERP systems, Project Management, ERP Implementation Methodology

**Strengths:** Leadership and project management. Working according to implementation methodology.

Stephan has from a supplier perspective been involved in many procurement processes and implementations of IFS Applications during his years at IFS and Levilo.

As responsible for ERP implementations, Stephan has deep knowledge in purchasing of ERP systems, contracts for ERP implementations and ERP support and can help customer in their ERP evaluation and procurement process as well as setting strategies for ERP management. Stephan has a deep knowledge of leading implementations working both as a project manager and in steering committees together with project managers and technical project managers securing the implementation. Stephan's knowledge spans over the whole ERP lifecycle, from procurement process via implementation to support after go-live including:

- Planning and performance of workshops
- Setting migration strategies, planning and performance of migration
- Setting up test scenarios
- Performing Solution Acceptance Tests and go-live rehearsals tests
- Performing go-live
- Handover to both customer internal support and external support

Besides IFS, Stephan has experiences as Project Manager working with implementation of manufacturing systems like Shop Floor Control and MES.
